Surface Mount Balun Plate
500915

Overview

The Surface Mount Balun Plate (500915) allows any MuxLab square balun to be installed on a wall or furniture surface for a more permanent and secure installation.

Head-end AV equipment such as DVD players, video servers and sat boxes may be installed in a local wiring closet and connected to the Cat5 structured cabling system via a wide array of MuxLab balun solutions.

The 500915 fully covers the balun and allows the pin configuration to be displayed for ease of reference. Mounting ears are positioned to allow multiple fixtures to be installed next to each other.

The 500915 comes with two (2) mounting screws and plastic anchors for drywall (gyproc) installation.

Applications

Custom AV installations
Head-end audio-video systems
Home AV systems
Boardroom systems
Digital signage systems
